Dear Sir:

Supplemental to the Information Disclosure Statement filed on June 18, 2004, Applicant is enclosing Form PTO-1449 listing DE 200 10 140 and DE 20 115 605, and copies of these references. These references were listed on Applicant's June 18, 2004 Information Disclosure Statement, but the Examiner indicated that he had not considered them. DE 32 29 152 also listed in Applicant's June 18, 2004 Information Disclosure Statement is not being resubmitted because the Examiner has indicated that he has considered UK 2 106 398 corresponding thereto.

DE 200 10 140 relates to a muscle exerciser that has several handles or surfaces on which the body of the exercising person is supported that have a vibration movement applied to them. At least one of these vibrating modules can be displaced so that the exercising person can perform pressing movements with his/her feet for example. These additional movements by the exercising person are said to improve the exercise effect.

DE 201 15 605 relates to a vibration exercise device with a foot platform, an abdominal support, and a handle bar, each of which vibrates. Accordingly, several body parts can have vibration applied to them at the same time; however, it is a disadvantage that the exercising person must remain in a static body position so that his/her body rests against the vibrating components which are in a fixed position.

It is respectfully requested that the foregoing Supplemental Information Disclosure Statement (IDS) be incorporated into the official file of the present patent application. Because this Supplemental IDS is being filed after a first Office Action, the official fee of \$180 is attached. The Commissioner is hereby

authorized to credit any overpayment to our deposit account  
number 03-2468.

Respectfully submitted,
